

Employer hub

This hub provides information for employers or managers of health and care professionals who are on our Register

The HCPC principles for preceptorship

The preceptorship principles and supporting information were written to support our registrants to access preceptorship when and where they need it, including at key transition moments in their careers.

Latest employer insights

Reducing Misogyny, Improving Sexual Safety and Establishing a 'New Normal'

Bron Biddle of the AACE looks at some of the positive work done to reduce misogyny and improve sexual safety, as well as the background to why it is so sorely needed.

<https://www.hcpc-uk.org/employers/insights/2024/reducing-misogyny-improving-sexual-safety-and-establishing-a-new-normal/>

What the HCPC is doing to improve sexual safety in health and care

We are calling on employers, managers, education providers, professional bodies and unions to prevent these behaviours from happening, and to encourage greater reporting when they do. As a regulator of 15 different professions, the HCPC has a role to play too.
