Contents:

This report contains a log of all rooms stopped during the week specified on the title page.

Note: Some pages of the report may be partially filled or blank. This is intentional.

Table column definitions:

- * **'Site name'** name of the site (on the Oxevision system)
- * **'Ward'** name of the ward (on the Oxevision system)
- * **'Room name'** name of the room (on the Oxevision system)
- * **'Stopped at'** when the room was stopped
- * **'Resumed at'** when the room was switched back on. This will be 'On going' if room is still switched off at the end of the week
- * **'Hours stopped'** The number of hours the room has been stopped for. If 'Resumed at' states 'On going', the number of hours will be from "Stopped at" to the end of the specified week.
